

Compliance Made Simple for Body Shops

GMG EnviroSafe has been a tremendous partner and asset to our organization. Their scheduled inspections, reporting and dashboard have helped us stay on track and make sure each location is compliant for all regulations. Their staff works closely with our employees and vendors, and their communication has been fantastic.”

Gregg Boyd

VP Business Development, Crash Champions

No one knows EHS compliance like GMG EnviroSafe.

At GMG EnviroSafe, we combine local, personalized service with the national expertise that has made us the leading environmental health and safety authority for body shops across the country. We work with thousands of body shops to provide safer workplaces, a full suite of compliance solutions, and the freedom to focus on business instead of a maze of confusing regulations.
